ARTICLE 11 – OFFICIAL JURY

11.1. Timing

Timing will be displayed at the finish.

All participants are given an electronic chip when collecting their bib (chip stuck on the back of each bib) which will be automatically activated when passing the start line and will serve as a regularity control during the race. A participant not using the roadway cannot be classified at the finish.

The electronic detection system is selected according to strict reliability criteria. Despite the tests carried out by the manufacturers, there always remains a very low percentage of non-detection. The absence of data resulting from such non-detection will not allow the Organizer to include the official or net time of the participant concerned in the rankings. The Organizer cannot be held responsible.

11.2. Refreshments

Refreshment stations are installed approximately every 5 km as well as at the finish. The distance may vary and will be specified on the course for runners' safety reasons.

11.3. Maximum time

Participants in the Marathon will have a maximum time of 6 hours to complete the course to the finish line. Participants in the Half Marathon and in the 10K Kick Cancer must cross the finish line by 3:00 p.m. at the latest.

After the passage of the sweep vehicle, and by unilateral decision of the organization, a participant may be declared over time, meaning their immediate withdrawal from the race; they must then comply with the traffic rules.

Any runner withdrawn from the race who decides to continue does so under their entire responsibility; the Organizer cannot be held responsible in the event of an accident.

ARTICLE 12 – GENERAL SERVICES

Police and emergency information. See website as the race approaches.

ARTICLE 13 – ACCESS TO THE SITE AND SECURITY

Bringing any object onto the Event site that could be dangerous or illegal, including drugs, firearms, blunt objects and explosive materials, is strictly prohibited.

To access the site and to participate in the Event, the participant expressly acknowledges and accepts that the Organizer may call on security personnel who will be authorized to check both individuals and their personal belongings. Any person wishing to access the site agrees to submit to this check. In the event of refusal, the person will not be allowed to access the site.

The Organizer as well as the security personnel are authorized to refuse access to the Event or the continuation of the race to participants whose behaviour is likely to disrupt the proper running of the Event, including but not limited to: bringing any object that could potentially hinder in any way the progress of the race, the circulation and/or the safety of other participants; bringing any distinctive sign promoting, in any form whatsoever, a political, philosophical or religious opinion likely to harm the image of the Event; abnormal, inappropriate or immoral behaviour by the participant, notably if they appear to be under the influence of drugs or alcohol. ARTICLE 15 – INSURANCE

15.1. Civil liability

In accordance with the legislation in force, the Organizer has taken out insurance covering the financial consequences of its civil liability, that of its employees and of all participants in the Event. Regarding the civil liability of

participants, this insurance intervention for the latter is limited to accidents they may cause during the Event.

This guarantee will apply in addition to or in the absence of other insurances from which participants may benefit elsewhere. Proof can be provided to any participant upon simple request.

15.2. Material damage

The Organizer declines all responsibility in the event of damage (theft, breakage, loss, etc.) suffered by participants' personal belongings, even if they are in its custody. Participants will therefore not be able to turn against the Organizer for any damage caused to their equipment. Taking out insurance covering these risks is the responsibility of each individual.

ARTICLE 16 – CANCELLATION BY THE CLIENT

16.1. The Client has the possibility of taking out cancellation insurance in return for an increase in the price. The amount is €12 for the Marathon, €9 for the Half Marathon and €6 for the 10K. By way of derogation from Article 8 of these Rules, the Client who has subscribed to this product has the possibility of being reimbursed for their registration without mentioning particular reasons. Any options such as a T-shirt, medal engraving, the shuttle and the cancellation policy itself will not be reimbursed (non-limiting).

16.2. If circumstances so require (administrative decision, weather or health circumstances, insufficient registration), the Organizer reserves the right to modify at any time the course, the distance to be covered, and to postpone the date and/or the times of the Event, without incurring any liability.

16.3. In the event of a change to the dates of an Event, the Client has the right to cancel their registration and obtain a refund provided that this request is brought to the Organizer's attention in writing within 14 working days following the date on which the change of date was notified to the Client.

constituting a case of force majeure justifying the cancellation of an Event without the Organizer having to demonstrate the unpredictability or irresistibility of the circumstances and the impossibility of performing its obligations. The same applies to the cancellation of the Event due to usual symptoms of the Covid-19 virus detected in a Client or any events external to the Organizer; it cannot be held responsible. If such events occur, the Organizer is not obliged to refund all or part of the registration price.

16.5. Termination

The Organizer and the Client reserve the possibility of terminating the contractual relationship at any time in the event of non-compliance by the other party with any of its obligations under these Regulations, without prejudice to any damages that may be claimed from the defaulting party.

16.6. The termination of the contractual relationship in the event of a fault by the Client entails the immediate enforceability of the sums remaining due.
